Mr Shankar commenced legal practice in 1996. He has handled a wide variety of cases from simple debt recovery work to complex commercial matters such as disputes in the by-laws of the Stock Exchange of Singapore and Malaysia.

Recently, he represented a lady who visited a fast food restaurant wherein the lady had slipped and injured her spine in the said fast food restaurant. He has also acted for clients involved in accidents at shopping centres and other venues, resulting in injuries on the premises.

Medical negligence/malpractice is becoming an area of increasingly important concern. Mr Shankar has handled multiple such cases, including patients developing complications after child birth and surgical procedures.

Mr. Shankar has acted for various clients in a wide range of matters involving company disputes, inheritance disputes as well as complicated tracing of assets and its' inquiry process. He also advises in general company matters involving directors and shareholder duties.
